All Pebble products are made by Hathay Bunano. Hathay Bunano, meaning handmade or hand-knitted in Bangla, is a non-profit fair trade organization in Bangladesh. Its mission is to create fairly paid, good quality, flexible and local employment for rural women who are poor and often disadvantaged.

Hathay Bunano provides employment which fits in with the rhythm of rural life and to prevent economic migration to the cities.

They keep families together and, in particular, keep mommies with their babies and children by providing employment in a village setting close to their homes.

Pebble is distributed in the US by Kahiniwalla. Our goal is to not only distribute well-made, ethical products, but to tell the moving stories behind them. We hope that you will be a part of this next chapter . . .
